Thank you everyone who took the time to listen to some of the threats facing journalists as we inch closer and closer to solving the crimes coming from the Trump Administration and the Epstein class.

As mentioned, if you see online harassment, threats, or intimidation, you should always report it right away, either to the platform where they are posted, or if it is a continuing problem, you can report to the FBI Cyber Crimes Division at the following link:

I'm mystified as to why you are still platforming this POS con artist and gangster. Maybe it's cuz of your "Montana nice." He's bad P'cking news, this slimebag.

My experience with being harassed came with working in construction ... Carpenter. I am so sorry that you are experiencing this. It's extremely exhausting. I believe it says more about you the narrow minded individuals. I have learned to tell them there's a whole cup of go 'tuck yourself. Don't let them steal your joy. I find it astonishing that these men have daughters and have no common sense.
